About the Telework Certificate Program

In partnership with e-work.com, Best Workplaces for Commuters is pleased to offer a five-part Teleworker Certification Series to help managers and teleworkers stand out in a crowded digital workplace. Certification shows that you are trained to stay organized, to accomplish more, to work more efficiently, to communicate better, to perform as a team contributor, and that teleworkers know how to remain “visible” while away.

BWC Members and Partners receive one free registration and a discounted rate for additional participants. Non-members can get access to the trial versions of *Managing a Distributed Team* and *Working on a Distributed Team* modules for a 30-day period or register at the non-member rate.

First seat free for BWC Members and Partners. Additional pricing options below.

# of users	BWC member/partner rate per user	Non-member rate per user
